

PIERREPOINT

— SINCE 1998 —

Pierrepoint Wines Reception Capacity

Our cellar door area has seating for 50, or can accommodate 80 people for a cocktail-style event. The lawns and outdoor furniture will also be available for your guests. For a small wedding, this is a charming and affordable choice.

We can accommodate up to 200 people if marquees are set up on our lawn and gravel areas. This is a good option for larger weddings during the warmer months, giving a festive al fresco feel while still offering protection should the weather not be kind.
